PROFESSIONAL EXPERIENCE

Web Developer

Fuint Technologies

Intern : Sept 2021 - Nov 2021

Full time : Dec 2021 - Present

Tech stack : HTML, CSS, JavaScript, PHP, MySQL, jQuery, Bootstrap, Tailwind CSS, WordPress, Drupal, Craft CMS

- **Developed and Maintained Websites:** Led the development of responsive and dynamic web applications using HTML, CSS, JavaScript, and PHP, improving user engagement and reducing bounce rates by 25%.
- **Customized and Managed CMS Platforms:** Successfully implemented and customized blocks for WordPress, Drupal, and Craft CMS, resulting in enhanced site functionality and a 30% increase in client satisfaction.
- **Optimized Website Performance:** Spearheaded optimization efforts, including code minification, image compression, and caching strategies, leading to a 40% reduction in page load times and improved overall website performance.
- **Collaborated on Cross-Functional Teams:** Worked closely with designers, content creators, and project managers, utilizing Git for version control to ensure smooth collaboration and timely project delivery.
- **Responsive Design Implementation:** Designed and developed mobile-first, responsive websites using Bootstrap and Tailwind CSS, ensuring consistent user experiences across multiple devices and screen sizes.
- **Backend Development and Integration:** Built and maintained server-side logic and database management using PHP and MySQL, ensuring efficient data handling and seamless integration with frontend components.
- **Cross-Browser Testing and Debugging:** Conducted thorough cross-browser testing and debugging to ensure compatibility across major browsers, resulting in a consistent and reliable user experience.
- **SEO and Accessibility:** Implemented SEO best practices and web accessibility standards, leading to improved search engine rankings and making websites more accessible to a broader audience.

Projects Worked

Worked on projects for **Elastic Path, Unbounce, Loopio, Intiveo, Uptempo, Premier Boxing Champions, Open Government Partnership**, and more, focusing on creating responsive pages, optimizing features, functions, and performance, as well as implementing SEO best practices across multiple pages. Delivered tailored solutions to enhance user experience and site performance.
